EDUCATION

IIIT Dharwad <i>Bachelor of Technology in Computer Science</i>	Aug. 2018 - Present GPA - 8.34
Higher Secondary(12th) CBSE	May 2017 85.8%
High School(10th) CBSE	May 2015 GPA - 10

PERSONAL PROJECTS

- Digital Diary** | Project | Source Code June 2021
- Developed a **Blog Web App** where user can compose the daily blogs within this app
 - Developed a **Newsletter** page that sends the data entered to the **Mailchimp's servers** via **API calls**
 - Used **MongoDB** to store the posts
 - Tech Used: **Express.js, Node.js, MongoDB, Mailchimp API, Bootstrap, HTML/CSS**
- CodeShare** | Project | Source Code April 2021
- Developed a portal where one can share the code with anyone using a shareable link
 - Automatically detects the language in which the code is written using **Highlight.js**
 - Tech Used: **Express.js, Node.js, Highlight.js, MongoDB, HTML/CSS**
- Todo List** | Project | Source Code May 2021
- Developed a Todo List Web App to maintain user's day-to-day tasks
 - User can add as many tasks **to any list** and delete a task that is completed
 - Has a **feature to segregate tasks** according to user preference
 - Tech Used: **Express.js, Node.js, MongoDB, HTML/CSS**

RELEVANT COURSEWORK

- **Data Structures and Algorithms**
- **Object Oriented Programming**
- **Operating Systems**
- **Database Management System**

ACHIEVEMENTS

- **Hackathon Winner at Deshpande Startups** | Certificate Sep 2020
 - Built an **API** on **AWS** to expose the required data so that the **WIX** framework can consume this.
 - Therefore we don't have to manually update the **WIX database**.
 - Served the video content from **AWS S3**.
 - Tech Used: **AWS, WIX, Lambda, DynamoDB**
- **Among the top 99 coders for Infosys's Hackwithinfy held nationwide**
- **Solved more than 300 algorithmic problems on various online judges**

TECHNICAL SKILLS

Languages: C/C++, JavaScript, Python, SQL, HTML/CSS
Frameworks: Node.js, Express.js, Bootstrap, jQuery, EJS
Developer Tools: Git, VS Code
